*Bringing Light into Little Lives*

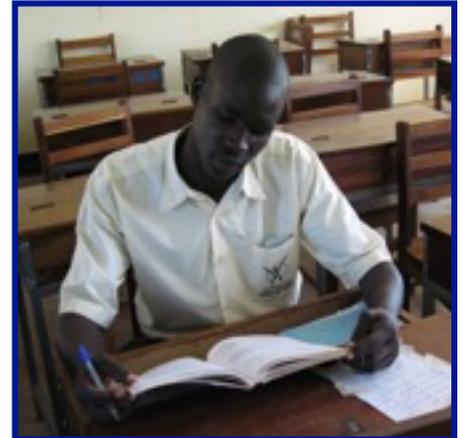

## Background

Zest4Kidz was founded by Stuart & Magi Wilson in 2006 after 8 years experience working with international aid organizations. ### Child Soldiers

Since 2006 we have brought teams to Northern Uganda for projects for former child soldiers. These young children have been abducted from their homes and villages by the rebel leader Joseph Kony of the LRA (Lords Resistance Army). These children have been forced to fight and even kill, tortured and raped.

### Disability Home

In September 2011 Zest4Kidz will open a residential disability home in Uganda which will house and rehabilitate 15 children with severe physical disabilities as well as providing education and training to 100 additional children

### Children's Prisons

Zest4Kidz is currently working with a children's prison in Belarus the former Soviet Block. These kids are victims of their society and culture. They may be in prison for as little as robbing food to survive.

Zest4Kidz are committed to bringing hope and love to these children.

### Child at Risk in India

We have recently extended our work in India in our school for children living in the slums at risk of trafficking into child prostitution. We now have 275 children attending the school. By providing the children with a place to go during the day where they are taken care of, fed and can attend school, the chances of them being trafficked decrease dramatically.
