Zest4Kidz is an Irish based charity with a huge heart (Reg Charity Number CHY 17374). The organization was started to let kids around the world know they are cared for and loved.

Zest4Kidz facilitate regular projects helping children in three main areas, former child soldiers in Africa, girls rescued from child prostitution in India, children in prisons and the orphanage system in Eastern Europe. We find children who have had difficult lives and aim to spend time with them to show them someone cares and that they are not alone. While in these places we carry out a full needs audit of the orphanage/shelter in order to help meet ongoing needs for the children.
